Fuel used for: Heat    Hot Water    Cooking    Dryer    Fireplace    Pool    Generator    other					
<b>TERMS AND CONDITIONS</b>					
This application is for fuel delivery and service only, it does not constitute a pricing contract. The customer agrees to maintain access for deliveries by keeping driveways, walkways, tanks and fill pipe clear of snow, ice, etc. Bourne's is not responsible for any type of damage if we cannot, in our opinion, access your driveway, tank or fill pipe. Location of the tank must be within 100 feet of where a delivery truck can safely park in all seasons. All tenants having credit extended to them are required to pay a deposit, which will be applied to the account when they move. Automatic fill does not guarantee that your tank will never run out of fuel if you have changes with usage that are unreported. Applicants with outside oil tanks that are not buried will be delivered kerosene during the winter months. Oil tanks must be to code. The undersigned authorizes Bourne's to obtain a credit report and confirms that invoices will be paid within 30 days and a 1.5% finance charge per month will be added to the unpaid balance. In the event Bourne's incurs collection costs for any amount due under this agreement, the undersigned agrees to be responsible for such collection costs, including reasonable attorneys' fees. Termination of this account must be in writing by either party.
